

PRESS RELEASE

10th June 2010

Reliance Yacht Management

Launches Asset Recovery Service

Reliance Yacht Management, the leading company in yacht relocation launches a service dedicated to aid the recovery of debts.

Being faced with a customer who won't pay his bill can be a problem. Traditionally, recovering a bad debt has tended to be a slow and uncertain process.

Reliance Yacht Management works closely with Finance Companies and Debt Collection agencies to help resolve unpaid debts within the leisure marine market worldwide.

The service that Reliance Yacht Management provides works through a series of stages that can start with locating a vessel and reporting its condition through to seizure and relocation.

Let us know the relevant facts and we will start work immediately to put an action plan in place to help recover the debt.

Yacht Identification

Through our worldwide network of professional yacht captains we are able to visit marinas and ports to confirm the exact location of any marine asset, create a photo/video report and make an assessment should there be a need to repossess the asset and relocate it at short notice.

Yacht Relocation

Our qualified and experienced teams are able to move a sailing yacht, motor boat or commercial vessel quickly with the minimum of fuss.

Yacht Valuation

Using our network of agents we are able to arrange a surveyor's report and valuation promptly

Reliance Yacht Management.
